

Challenger Lifts has been in the car lifts marketplace for over 28 years. We specialize in the design, manufacture and distribution of a comprehensive line of superior car lifts, jacks and auto lift accessories in our 140,000 square foot Louisville, KY manufacturing facility. Our innovative product design sets us apart from the rest of the car lifts industry. Challenger and TBC Corp have worked together for many years and have a strong focus on customer satisfaction and to provide the very best product possible.

PRODUCTS / SERVICES OFFERED

Exclusive Versymmetric® Technology, the industry's first front and rear 3-stage arm two post car lift, in ground vehicle lifts with the widest drive through in the industry, the 4 post lift with the highest rise in the industry and other innovative vehicle lift products. Challenger Lifts now offer (QC) QUICK CYCLE Technology – you can go up in 27 seconds and down in 17 seconds. With the QUICK CYCLE feature added, you can increase your productivity and number of vehicles serviced.
